

Curtains

Bob Burns has a wide selection of curtains to suit any Adelaide home.

With Adelaide's biggest display of curtain material you can choose from our contemporary range of fabrics, with a wide selection of colours, florals, textures and patterns – perfect for any home.

Top quality sheers, block outs, coated and separate linings are all available and complement our large range of tracking systems.

We offer many types of headers to give you that flawless look. Pinch pleating is the most common style used today, a more traditional look is our swags and tails design, and if you would like a new modern contemporary elegant look check out our Wave Fold curtains.

To complete that unique look we can make pelmets to hide tracks or poles and create a more tailored finish to your window treatment. Pelmets can be made with matching covering fabrics, styling and detailing can be added with trims and other effects.

So if you're after a particular type, fabric or sized curtain, come into our showroom and we will work with you to create exquisite curtains for your house.

Key Features and Benefits

- Custom designed to suit your home and reflect your personal style.
